> Load capacity up to 150 kg

KT2 Basic model with accessories

Basic model

Basic model

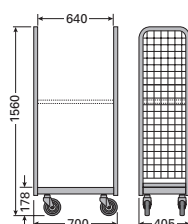

Design: Chassis made of square tubing with welded bottom tray. Side panels made of square tubing frame with wire grate, inserted into chassis and riveted into place.

Castors: 2 fixed castors, 2 swivel castors, Ø 100 mm. Rubber tread.

Finish: High-gloss, galvanised, chrome-plated.

Technical specifications:

Mesh size of the side panels	50 x 50 mm
Total load capacity	150 kg
Load capacity per shelf	35 kg

Dimensions in mm

01.01 Order picking trolley KT2

Standard boxes

The KT2 can also easily transport standard boxes. You can obtain standard boxes on request.

Hitch (optional)

The hitch enables inter-connection of several order picking trolleys.

Wire tray (optional)

Thanks to the narrow mesh size of 5 x 5 mm, your small items are safe here.

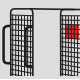

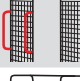

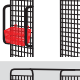

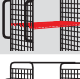

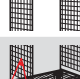

Writing board (optional)

The coated metal plate can be written on with a piece of chalk.
